Ryde Secondary College Invites Parents & Students of Years 9-12 to a study skills workshop

Ryde Secondary College invites parents and their children to an evening which will assist them in working together to maximize their potential. Elevate’s parent seminars give families an insight into what has been covered with their children and how they can follow-up at home without becoming the enemy. Topics range from what work students should be doing, to sleep, motivation, facebook, procrastination, time management, practice papers and stress.

TO SECURE YOUR PLACE...
