Dear Parent/Caregiver,

Your son/daughter’s Extension Mathematics class will be going on an excursion to Sydney University on the 7th June.

This excursion is organised by the Mathematics Association of NSW and was previously known as the Talented Students Day. It will be a challenging and intellectually stimulating occasion. Students will:

- Learn how their current study of Mathematics opens up a range of rewarding careers
- Hear about some of the ways Mathematics is used to solve real world problems
- Be exposed to areas of Mathematics which they may not have encountered before
- Choose two talks on Extension 1 or Extension 2 syllabus topics which interest them
- Mix with students from other schools who are interested and talented mathematicians

The cost of this excursion is $22.00 payable to the Front Office by Friday 29th April.

Students are to make their own way to and from the University of Sydney. Students are to meet Mrs Singleton and Mrs Sakthivel at the Eastern Avenue Auditorium at Sydney University at 9.00am. The day will conclude at 3.30 pm

All students are to provide their own morning tea and lunch.

More details to come closer to the date.

Both Mrs Singleton and Mrs Sakthivel have emergency care training and CPR.

Sincerely,

Ms Jenny Brown
Head Teacher Mathematics
